

SCDF and DELL Lifesavers' Innovation Challenge 2026

Finalists Kick Off Session

8th June 2026

Agenda (With SME Mentors)

- 2.00pm – 2.15pm:** Briefing on Finale (Timeline, Prizes, Scoring Guidelines, Communication Channels)
- 2.15pm – 2.30pm:** Introduction by Mentors (SME Mentors)
- 2.30pm – 3.15pm:** Mentor-Mentee Networking Session
- 3.15pm – 3.45pm:** Tea Break
- 3.45pm – 4.30pm:** Platform Onboarding & GB10 Demo

Problem Statement:

How might we leverage automation, robotics, or data driven and AI driven solution to assist **SCDF's frontline responders**, enhancing operational effectiveness and/or improving responder safety?

Develop a working prototype that demonstrates your proposed solution.

Kick-Off & Tour at SCDF (11th May)

Finalists Interview and Selection (5th Jun)

Judging Criteria 2026

Overall Top 5 Winners

Category (Weightage)	Description
Problem Definition and Analysis (20%)	•Ability to define the problem and key issues of the problem statement through identifying the key trends •Ability to build on these key trends with strong substantiation
Strategies and Recommendations (30%)	•Outline strategies and recommendations for the problem statement with good justification and feasibility •Completeness and clarity of the proposed development plan and deliverables •Uniqueness and novelty of proposed solution while exhibiting practicality
Effective Use of AI (20%)	•Effective and creative use of AI in addressing the problem statement with clearly articulated benefits •Strong technical implementation of AI, considering performance, accuracy and resource efficiency
Solution Evaluation (30%)	•Clear and concise demonstration of a functional prototype or proof-of-concept •Appropriate use of technology, with economic viability and deployment readiness, such as in the architecture design to demonstrate operational efficiency, scalability, and resiliency of the solution •Ensure security of solution with data governance and compliance to regulations (including responsible AI)

Prizes – Cash & Dell Gadgets

HOT PRIZES*

WIN CASH AND GADGETS WORTH UP TO THE FOLLOWING AMOUNT:

1ST PRIZE:	S\$10,000
2ND PRIZE:	\$6,000
3RD PRIZE:	\$3,000
4TH & 5TH PRIZE:	\$1,000

*Participants will also stand a chance to be offered internship opportunities with the SCDF.

Cash & Dell Prizes for
All 5 Teams

Timeline to Note

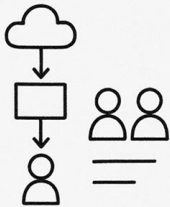

Today:	Finalists Kick off Platform Onboarding Access to Discord Meet the Mentors
Now – 30 June:	Mentorship + Building of Prototype
26 June, 12pm:	Submission of Poster (Digital Draft version)
30 Jun, 12pm:	Submission of Poster (Digital), Prototype, and Presentation Slides
1 July, 10am:	Dry Run at SCDF HQ Ubi (1hr per team)
3 July, 1230pm:	FINALE at SCDF HQ Ubi (Physical A1 Poster required)

Poster Guidelines for Finals

Each team is required to submit an **A1-sized poster** that effectively communicates your solution.

Please submit your poster in **PDF format**.

Your poster should be visually engaging, concise, and informative, and **must include** the following sections –

Your Solution Name	
PROBLEM STATEMENT _____ _____	SOLUTION SUMMARY _____ _____
ARCHITECTURE DIAGRAM 	UNIQUE FEATURE  _____ _____ TEAM MEMBERS

1

Problem Statement

- Clearly define the problem you're addressing.
- Be specific about the challenge and its impact.

2

Solution Summary

- Describe your solution in simple, non-technical terms.
- Focus on how it solves the problem and its benefits.

3

Architecture Diagram

- Include a visual representation of your solution's technical architecture.
- Mention any technologies, tools, or platforms used.

4

Unique Feature

- Highlight the most innovative aspect of your solution.
- This could be a technical feature, a creative approach, or a novel use case.
